Colors of a Rainbow

By: Curt Furukawa

A rainbow started out as a sign from God
A sign to Noah that the rain had stopped
A beautiful arc that spread across the sky

An arc of few colors to the untrained eye

Yet, a rainbow is many colors, betrayed
by the sun

Each color is different, no color the
same not one

Each color is a symbol for you and for me
Like a rainbow's colors we gather
together at this Assembly

We each are a part of the same town or
another

Sisters, friends, acquaintances, we even
bring our mothers

To some of us this is something new
But we do this every year, it's not just
something to do

We are here because we chose to be
The experience of a lifetime is worth the
fee

The fun we have and the friends we meet

Some say to every rainbow there is an end
But we are proof that rainbow is a never
ending trend

Generations after generations of Rainbow
girls return

To grow together as one to learn

As we all sit together in this room today
We look back and see that Rainbow has
come a long way

And we look ahead and the future is
bright

Each one of us here will remember a part
of this night

Even when we are done and we may leave
this state

We will look back and say, "I was part of
something great."
