What a Wonderful World  
I Can Only Imagine

Poems

Don't Quit  
Rainbow Argument

Service Project

Colorado Libraries  
Rainbow ROTC

“Reaching Out to Children Through Libraries for Literacy”

Dedication

*Coming together is a beginning.*

*This year has been the most rewarding of all my life so far. I have made more friends, met more dedicated Masonic family members, written more thank you notes, and ridden in the car more than I ever have before. The memories I have of the start of this year are ones of support, love, and anticipation.*

*Keeping together is progress.*

*Along the path of this year there have been small mix-ups and mistakes, but the beauty of it is that it all worked out. A forgotten pin, late arrival, or a misspoken word was not what people remember. They remember laughter, hugs, smiles, and fun. The ladies all around the state have kept me going this year with their unbelievably great personalities. I want you to know that our togetherness will always be very special to me.*

*Working together is success.*

*- Henry Ford*

*Our team effort this year has been amazing. I think working together is a great success and when all of us look past the bumps in the road and see good in our lives as well as good in others, anything is possible. Having all you powerful ladies of Colorado Rainbow work together paid off.*

*You DID achieve greatness, and I dedicate my term to you.*
