## The World Trade Center

It was big,  
 It was a place to go.  
 Now it is gone today,  
 But we will remember it as  
 September 11  
 Or as 9-11.  
 It was for people,  
 We lost people of our country,  
 But we feel sad, mad, or upset  
 Because of what had happened.  
 The World Trade Center,  
 Were buildings where  
 People worked or shopped.  
 We lost people we loved,  
 Our family members, our friends  
 It was sad for all of us.
