Let the Dream Continue

Let’s soar above the mountains
And dance beneath the stars
Live the life we’re made for
Not just hanging out in cars

We are made for greater things
Not all will understand
The chance to touch the future
And to hold her in your hand

Some things are left to dreams
And wishes in your heart
Yet knowing there’s something bigger
That we are all apart

So let the dream continue
And kindle well the fire
To push us on towards greatness
That we all should aspire
